Lyon, historical yet modern city

Classified as world heritage by Unesco, Lyon offers an incomparable quality of life to its inhabitants. Second city of France, it is ideally situated in France and Europe and enables our students to easily travel and discover the country and the continent.

Lyon is culturally rich due to its unique history and gastronomy, which greatly contributed to its economic development and in turn, made it an attractive city for companies around the world. Thanks to its renowned Universities and prestigious business schools, Lyon has become a dynamic, modern and international student city.

It is for all these reasons that Inflexyon decided to settle in the heart of the UNESCO classified site, in the heart of Lyon and therefore, the center of life in Lyon.

Inflexyon French school

One of the rare French as a Foreign Language schools to have been accredited by both the FLE Quality Label and Campus France adherence!

Inflexyon was created to offer a unique learning environment in Lyon. Our students come from all around the globe and have made of Inflexyon a truly multicultural and international environment.

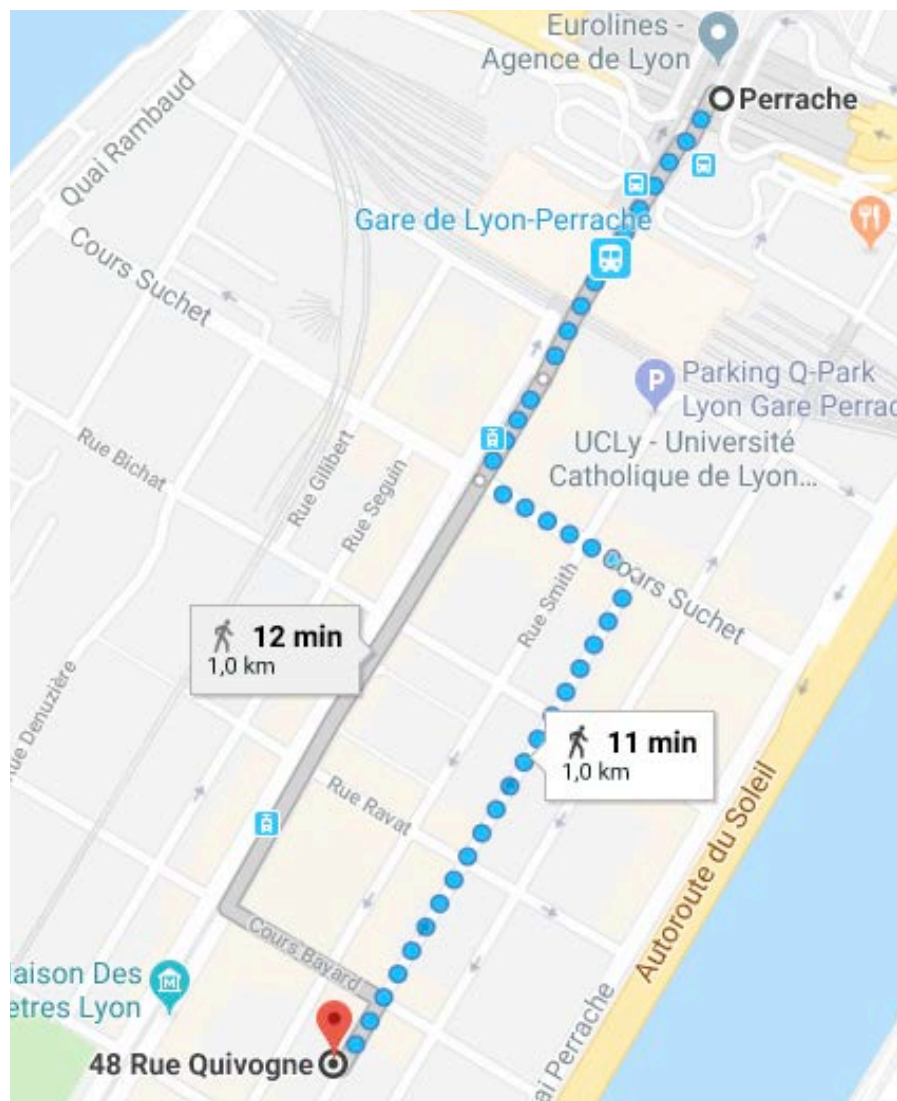

Our motto is the proximity with our students; indeed, our international team is dedicated to our students and their well being!

Classes at Inflexyon

For Inflexyon, the student's well being, his rapid integration in French life are essential to succeed academically. This is why we propose an innovating and dynamic educational program adapted to all.

A diversified offer, adapted to all

- French language course in small groups:
Around 15 students in the morning classes and 10 students in the afternoon classes.
- Practice of both written and oral skills
- Diversified classes – Discovering the fundamental pillars of French language
- Preparation of our students to the DELF/DALF and TCF exams with a 97% success rate!
- Preparation and tests in our school for the TEF, TEFAQ and TEF naturalization exams.
- DELF and DALF examination center.

Inflexyon is an approved center for administering the TEF and TEFAQ exams. These two exams are internationally recognized instruments for evaluating the French level of non-French native speakers.

These tests can be used for applying to faculties and colleges of higher learning (TEF). This test (TEFAQ) is required by the Citizenship and Immigration Ministry of Canada or the ministry of Immigration and Cultural communities of Quebec for candidates wishing to migrate to Canada. For greater mobility within a company, for acquiring the French nationality (TEF Naturalisation) or to apply to a language center.

DELF and DALF exams :

The French Ministries of Education and Higher Education offer a wide range of degrees in French language (diplomas and tests) for validating skills in French. The offer is adapted to all. It is based on the 6 levels of the Common European Framework of Reference for Languages, from A1 to C2.

Diplomas (DELF, DALF) are independent from the French school Inflexyon, and certify mastery of the four language skills. They are valid indefinitely and therefore can accompany you throughout your life, personally, academically, or professionally. These certifications are recognized worldwide.

Professors dedicated to their student's success

- Exchanging and interacting between cultures
- Teachers with experiences abroad
- Modern and everyday French to use quickly and adapt to French life
- The well-being and the success of our students in France
- Language, culture, civilization and gastronomy classes

Levels, evolution, evaluation

Inflexyon proposes classes over 6 levels following the « The Common European Framework of Reference for Languages » going from very beginner to expert (A1- C2)

Placing our students in the right groups

Once the registration has been confirmed, we send our students a general French test
Depending on the results of the first test, a second test focusing on grammar and language structure is then sent to complete the first step of the evaluation
Upon arrival, a French oral test is organized with a teacher

We organize an evaluation every month, going over the notions learned during the month, enabling a clear appreciation of the student's attainments and by that, determining the evolution to the next level.

At the end of our student's stay at Inflexyon we prepare an « Course Certificate».

The « Course Certificate » includes:

- The classes taken and the student's attendance
- The results of the monthly evaluation and the continuous evaluations in class
- Evolution and the level reached by the student at the end of his stay

Course formulas, adapted to all

In order to answer to each student's needs, we have established different formulas, enabling our students to personalize their experience at Inflexyon.
