ÉTUDES EN FRANCE

Are you a non-European Union residing in one of the 65 countries listed below* and would you like to study in France?

The Etudes en France platform is entirely paperless and allows you to manage all the steps involved in registering in a Higher Education Institute up to the visa application.

All you have to do is create a personal electronic file and follow the instructions.

You will be able to submit your applications, communicate with the Campus France office in your country and contact the institutions in which you wish to enroll.

You will be asked to pay a fee to use this service.

*List of countries and regions concerned:

Azerbaijan, Algeria, Argentina, Bahrain, Benin, Bolivia, Brazil, Burkina Faso, Burundi, Cambodia, Cameroon, Canada, Chile, China, Colombia, Comoros, Congo, Ivory Coast, Djibouti, Ecuador, Egypt, Gabon, Georgia, Ghana, Guinea, Haiti, India, Saudi Arabia, South Africa, United Arab Emirates, United States, Indonesia, Iran, Israel, Japan, Jordan, Kenya, Kuwait, Laos, Lebanon, Madagascar, Mauritius, Mexico, Morocco, Niger, Nigeria, Peru, Qatar, Russia, Senegal, Singapore, Taiwan, Thailand, Togo, Tunisia, Turkey, Ukraine, United Arab Emirates, United Kingdom, United States, Vietnam.

a) Visa exemption

If you are a citizen of the European Economic Space (composed of the 27 EU member states, Liechtenstein, Norway and Iceland and Switzerland): you are exempted from Visa and free to enter and remain in France without restriction. You only need to have a valid passport or identity card.

For more information:

b) Short term student visa:

If you wish to come to France to study for a period not exceeding three months you will then ask for a short term visa also called « visa Schengen ». Holders of the visa are not required to apply for a separate residency permit. The visa is valid for the 25 countries of the Schengen Area. Provided their visa is marked “MULT” (for multiple entries), holders may move freely within the area.

Under no circumstances is it possible to renew a short-term visa in France or in any other country of the European Union.

c) Long term student visa (VLS-TS):

- **Temporary extended-stay visa for study or research**

This visa permits the holder to study, teach, or perform research for three to six months in a public or private institution of higher education.

It is not renewable under any circumstances. The holder of the visa is not required to obtain a separate residency permit.

Note: This single-entry visa is valid only in France. Visa holders are not permitted to travel beyond French borders, except when in transit.

- **Combined extended-stay study visa and residency permit (VLS-TS)**

This new visa is designed for foreign students (graduate scholars and scientists are not eligible) who intend to study in a public or private institution of higher education in France for more than six months. The visa also serves as a residency permit. Inflexyon is registered as private institution of higher education. Effective June 1, 2009, holders of this type of visa are no longer required to visit the local prefecture of police to obtain a renewable residency permit.

On the other hand, holders of the VLS-TS visa must report to the OFII, the French office for immigration and naturalization, and full fill several requirements.

In particular, upon their arrival in France, they must send to OFII by registered mail (with acknowledgment of receipt - "Lettre Recommandée avec accusé de réception"):

- the OFII certification form that they received from the official who granted their visa
- a copy of the pages of their passport bearing their identity data and the stamp signifying entry into France or another country of the Schengen Area.

OFII will then schedule the student for a medical examination and possibly also an orientation session.

You must come to the session with:

- Your passport
- Proof of address in France
- Photo
- If need be, a proof of medical examination in your country In all cases, a fee of €55 is charged.

After that you will be authorized to stay in France. In case of non respect of deadlines you will be assigned to return to your country and start a demand for a visa.

d) If you are Algerian:

Algerian students will continue with the specific agreement and are not concerned by the VLS-TS visa. You need to ask for a student long term visa and at your arrival in France you will have to settle your « carte de séjour » at the Rhône préfecture.

≈ contact of the Préfecture: "Direction de la Réglementation, sous-direction des Étrangers".

pm

Be careful, only complete files are accepted (original document + photocopies)

e) If you are a minor:

You need to ask for a « visa for minor studying in France ». This visa requires the delivery of a residence permit at the arrival in France at the *préfecture* of Lyon.

f) Enrolment in two institutions, one after the other:

If you wish to follow two different training courses, in two different institutions, like for example one course at a French learning school and then at the university, you need to register in both institutions before asking for visa. Thus the visa will be delivered for the whole duration of the two courses as the duration of the visa cannot be changed in France.

We recommend to start the visa application as soon as possible, at least two months before the beginning of the course.

2. Enrolment process :

>> Enrolment in 4 steps:

Fill in the online or downloadable registration document¹ and sent it back to Inflexyon administration. Make sure you use a valid email address².

You will receive by mail all the information concerning the rules and procedures of the deposit.

After receiving your deposit, we will send you proof of registration allowing you (according to your nationality) to make a visa request to the nearest French consulate of your region. We will also start the accommodation search.

When you arrive in France, you will come to school to finalize your payment and we will give you a final proof of registration and an total invoice.

¹You can find this form on page 25 or our internet site www.inflexyon.com

²If you don't need a visa you can enroll in one step by paying only once (before arriving or at your arrival, through Internet or directly at the school).

> 1st step :

A pre-inscription is necessary in most cases, especially to obtain the student visa.*

To proceed with the pre-inscription you have different options:

- Apply directly via the school's website www.inflexyon.com on the page "Register now";
- Download the "**fiche étudiant**" directly from this welcome booklet and send it back to us in a printed version by normal postal mail or email (previously scanned).

You can also come directly to Inflexyon to pre-register or register for the course. No appointment needs to be organized in advance; you are welcome to come anytime during the school's opening hours, from 8h30 to 21h from Monday to Friday.

As soon as we receive your application request we send you a confirmation of registration request called *Confirmation de Demande d'Inscription* (CDI). On this document you will see all the information you provided to us: name, address, formula chosen, dates, duration of the course. This document will also indicate the total amount of the course and the amount of the deposit to pay (30% of the total amount) by bank transfer, credit card, international check or cash. If you choose bank transfer, the bank data of Inflexyon is indicated on the document. The deposit you will pay will be deducted from the rest of the amount due.

> 2nd step:

The pre-inscription will be confirmed once we receive the deposit. Inflexyon will officially confirm your inscription by sending you a *Certificate of pre-inscription* by email and/or postal mail. This is an official document that you will need to give to the French embassy for the visa process. If you wish to help with your accommodation, at this moment Inflexyon will start looking for accommodation answering to your expectations.

> 3rd step:

One week before your arrival in France, you will receive by email a first French test. In the case of a request for accommodation reservation, if the cancellation is made 15 days or less prior to arrival, the equivalent of one month's rent will be deducted from the refund.

may be issued except in the case of an administrative denial of Visa, justified by an official document of the Embassy or Consulate. Similarly, if the student does not attend the course, or does not regularly attend classes or decides without much justification to leave the school,

no refund will be possible and Inflexyon will be obliged to report this absence to the Prefecture.

In addition, the student who registers at Inflexyon and requires a visa, acknowledges being informed beforehand of the conditions for issuing different visas and the obligation related to entering France (both on financial and medical aspects but also on the necessary insurance). No refund will be issued due to a failure of the student to comply with the procedural obligations.

- After the start of the course: no refund can be made, except in cases of "force majeure" (medical reason proved by a certificate translated by a sworn translator , list of sworn translators in Lyon are available on request), professional or education obligations are not included as cases of force majeure. In a case of force majeure, 10% of the remaining courses price will be kept as cancellation fees. All session started is due entirely.

If the refund is not accepted, remedial course alternatives may be considered on a case by case basis at the request of the student.

- Attendance is the first student engagement, his or her absence does not give right to a refund. However in the context of a student with a long-stay visa (6 months) it is possible to be granted two holiday periods of two consecutive weeks. A new date of completion of the course will be established if the request is made after the start of classes, otherwise it will be included in the original registration certificate dates. For students who do not require a long-term visa they are able to plan holidays as the course price is calculated on the number of weeks taken. If the student wishes to retain his or her accommodation during their absence, rent must be paid.

- Students may postpone their course once before the start of it if Inflexyon is informed more than 15 days before the start of the course. This report must be justified and requested in writing, and cannot be postponed more than six months after the initial date of registration. The student visa applicant must start the procedures with the Embassy at least one month before the desired departure dates, no report can be accepted for visa reception delays - if the student did not organize the trip properly, nor respect the pace imposed by this type of procedure.

- No other type of course transfer will be accepted, except in cases of " force majeure " (justified medical reasons as stated above). Classes missed by Au Pair students due to family obligations can be made up either after or before the expected absence but still within the maximum period of registration. Indeed taking a French course is a legal requirement for the Au Pair status. With this exception, which entitles to preferential rates, Au Pair students have the same rights and obligations as other students.

- A student may change his registration if desired, to a higher registration in time and budget than the initial registration.

- Courses may in no case be transferred to another student.

- Inflexyon reserves the right to cancel a course. Participants will be informed as soon as possible and will be fully reimbursed.

INSURANCE:

Inflexyon agrees with the various insurances required by its activities.

The health, accident and liability insurances are the responsibility of the student who must contract a personal insurance covering travel and accommodation risks. Information on the different types of insurance are available at the school administration office.

CERTIFICATION COURSE:

An certificate of studies mentioning the title of the course, its start and end date as well as the level reached by the student according to the CEFR and detailing the grades for the five main skills, is issued at the end of training on request and if the student was present at least 70 % of its courses. This certificate contains the students' individual marks (part of which depend on the students' achievement of the monthly assessments) and attendance.

DISCIPLINE

In case of inappropriate behavior of the student, breach of the Terms of Sales or the School life Rules, Inflexyon reserves the right to discontinue his tuition without notice and without refund.

ACCOMMODATION

At their request, Inflexyon help students in their search for housing and all procedures relating to accommodation (Certificate, benefits if eligible, etc.). Inflexyon is an intermediate and cannot be held responsible for any inconvenience encountered in this area. We try to answer the students' housing wishes but without any obligation of result. To the extent possible, the student must arrive on a Saturday and leave on a Friday or Sunday for a Saturday depending on the type of housing desired.

After his arrival, if the student is not satisfied with the accommodation and if dissatisfaction is based on real and substantial grounds it may be changed at no extra cost after a period of one month for students who are registered for two months minimum. A student who wishes to extend his stay in an accommodation must request it one month in advance, and in any case the extension may not exceed the duration of his registration at Inflexyon. A search for housing generates accommodation search fees charged only if Inflexyon finds the student's accommodation.

THE RIGHT OF ACCESS TO COMPUTER FILES & IMAGE RIGHTS

According to Article 27 of the 78.17 law called Data Protection and Freedom of Information Law, the information given to us can be used according to our needs.

A right to access and modification is granted by contacting the head of the school.

Inflexyon may have to take pictures of the students and use them to illustrate brochures, advertisement, or its website, unless specified otherwise by the student. Students must inform us of their disagreement in writing at the time of their registration.

DISPUTES / COMPLAINTS:

Only the head of the school has the authority in the decision to refund or recover courses not taken. However, the student has a complaint form for all aspects of his schooling in his home in the student booklet. This form can be given directly to the administration office or more anonymously in a dedicated box in the foyer. A receipt of the claim signed by the management will be given to the student at his request.

All registrations constitute acceptance of these general terms and conditions of sale. If Disputes occur; only the courts of Lyon are competent.

LIFE IN LYON:

1) Social security, health care

You must be protected in case of an accident or health problems. Before arriving in France, get informed on your situation, check if there are any agreements between your country and France that could continue the scope of your health care insurance abroad.

A) If you are part of the European Economic Space and Switzerland:

- You benefit from medical care of your country with:
 - The European healthcare insurance card (CEAM)
 - The temporary certificate of this card delivered by your country
 - A certificate of affiliation to a private insurance
- ⇒ You don't need to affiliate to the French Social Security
- You don't benefit from medical care in your country, you need to affiliate to social security in France:
 - Obtain a special health insurance from the French social security called the "CMU" (*couverture médicale universelle*).
 - Contracting a private insurance

B) If you are not part of the EU and Switzerland:

- You must contract medical care insurance:
- The CMU (*couverture mondiale universelle*)
 - Private insurance

2) Liability insurance

You must contract a liability insurance that will insure you in case of damage caused to others.

You can take out the insurance directly at the bank.

If not, you can easily take out insurance at ADH online:

<https://www.assurances-etudiants.com/fr/5311-assurance-logement-etudiant-tarifs-garanties.html>

3) Housing insurance

If you rent an accommodation (student residence for example) you have to contract housing insurance to protect you in case of damage (fire, water damage, robbery...).

The insurance ADH cited above insures your accommodation too (you have the choose the formule 2).

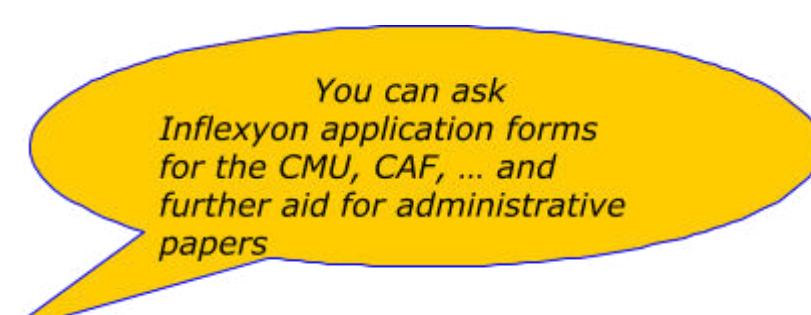

4) Financial housing assistance : CAF (caisse d'allocation familiales)

Foreign students who rent housing have the same right to financial assistance as French students: the *Allocation de logement à caractère social* (ALS) or the *Aide personnalisée au logement* (APL), depending on the type of housing. Payments are made by local family assistance funds (*Caisse d'Allocations Familiales*, or CAF) (www.caf.fr). Our office for students will be able to help you apply to the local CAF for this financial assistance.

To ask for financial assistance you must fill in an application form.

You can find it on the website of the CAF and download it at: www.caf.fr

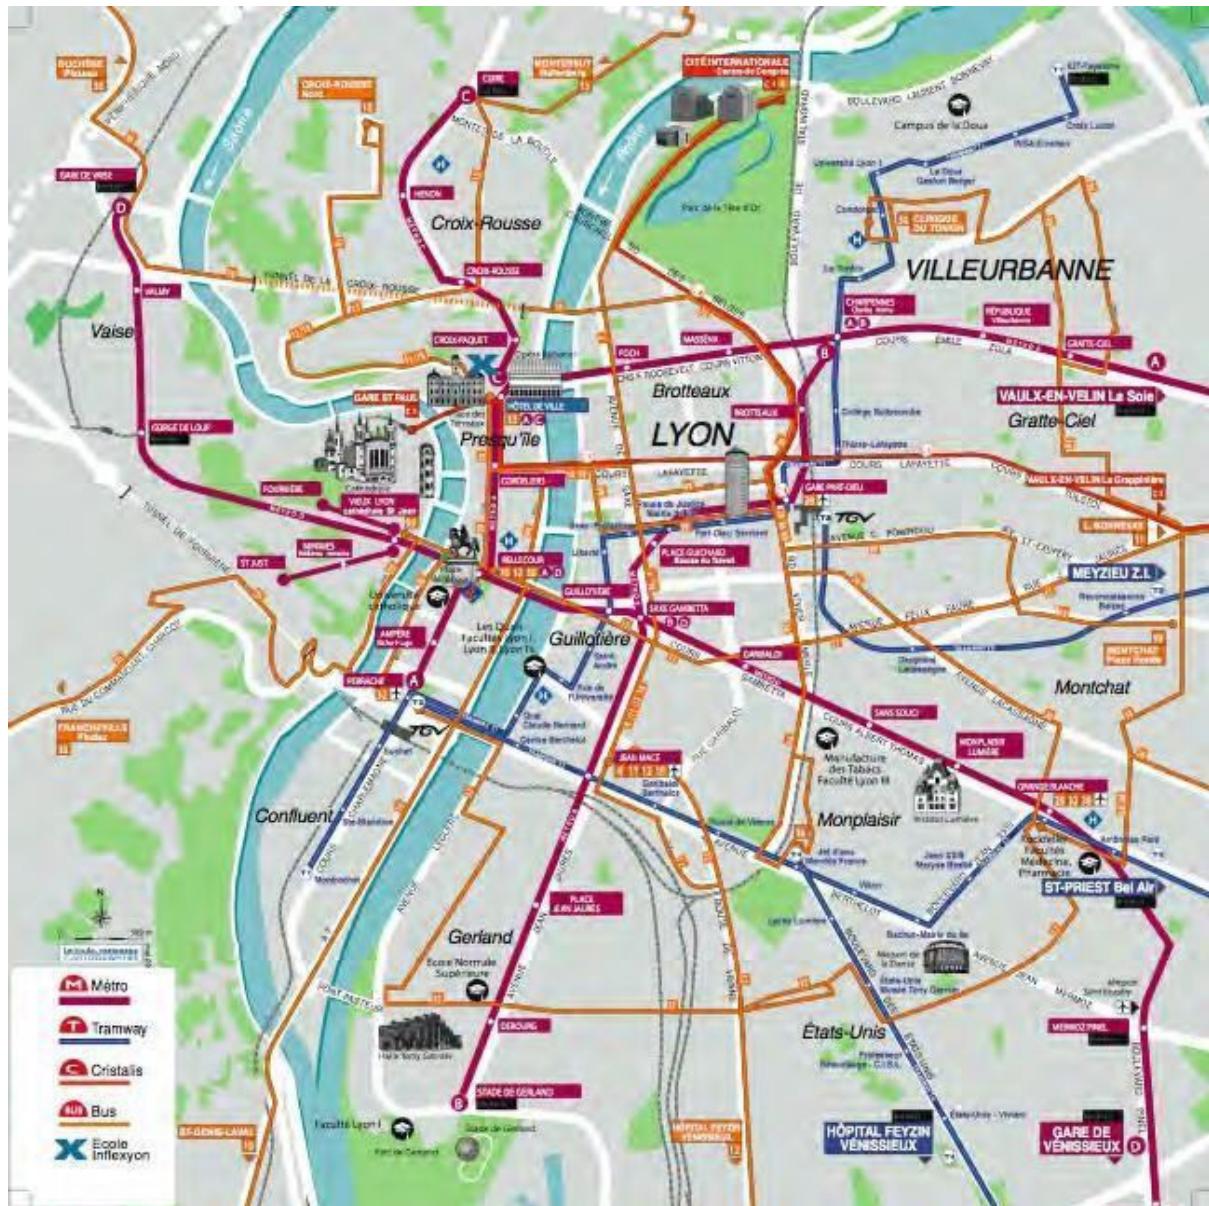

Good to know: the Caf of Lyon publishes a practical guide on useful and helpful information how to fill out the online demand (in English, Spanish, Chinese). You can get it at Inflexyon.

Lyon has more than 1 million inhabitants and gathers an important cultural activity along with economic and student dynamism. Walking around in the typical streets and along the two rivers is always a pleasure. Lyon is full of green spaces, terraces and small authentic streets. Furthermore, its favorable geographic position near the Alpes (possible to see the Mont Blanc for the upper parts of Lyon!), at the border of the southern regions, and only two hours for Paris by train will give you the opportunity to easily visit some other parts of France.

DELF and DALF Examination Center

The DELF (Diploma of French Language Studies) and DALF (Advanced Diploma of French Language) are instruments of international standard used to assess 6 levels of French of non-Francophone. They are designed and distributed by the [France Education International](#) (former CIEP – International Centre for Educational Studies). [Inflexyon French examination centre](#) holds 11 DELF and DALF exam sessions in Lyon each year : ten for adults and one for juniors.

What are DELF and DALF exams?

- ✓ DELF and DALF diplomas are the only official French foreign language diplomas provided by French government
- ✓ their validity is international and unlimited
- ✓ they are very useful if you want to settle down in French-speaking countries – to get a visa, to enrol in university or to find a job
 - ✓ there is an adapted version of DELF for young students from 12 to 17 years old, it is called [DELF Junior](#)
 - ✓ [DELF A1, A2, B1, B2](#) and [DALF C1](#) exams are composed of 4 parts : listening, reading, writing and speaking
 - ✓ [DALF C2](#) is composed of 2 parts : written part testing your written comprehension and expression at the same time and oral part testing your oral comprehension and expression at the same time
- ✓ You need to get at least 5 points out of 25 for each part (10 points out of 50 for DALF C2) and reach at least 50 points out of 100 for all the parts together in order to pass the exam and get the diploma
- ✓ You do not need to pass DELF and DALF exams in order, you can choose only one of them or you can pass several of them in any order you prefer

How to optimise your chances to pass DELF and DALF exams?

It is very important to notice that DELF and DALF are not only language tests, **they are academic exams testing your abilities to interact in French in personal, professional and academic daily life situations**. Starting from B1 level, DELF and DALF exams also test your skills to work with a text and to produce a specific written and oral discourse (formal letter, review of a book, an essay, a synthesis, etc). In practice, it means that you can get only approximately half of the points for correct vocabulary, grammar and pronunciation in the speaking and writing parts. **You can get the other half of the points for producing a coherent discourse respecting the task assignment and the requested discourse structure**. Consequently, we advise you not to underestimate the preparation for DELF and DALF exams.

TEF Canada and Quebec

TEF Canada (French Evaluation Test) is an instrument of international standard used to assess the level of people wishing to emigrate to Canada. The test is designed, distributed and administered by the CCIP ([Chamber of Commerce and Industry of Paris](#)). [Inflexyon French examination centre in Lyon](#) holds approximately five TEF Canada exam session each year.

If you would like to move to Canada and you need to apply for a visa, you might need to pass a French language test. TEF Canada is

TEF Intégration, résidence, nationalité (IRN) (TEF Integration, Residence, French Nationality)

In order to better meet the needs of foreigners in France and to simplify the various stages of integration, the Directorate of Integration and access to Nationality (DIAN) of the Ministry of the Interior has requested the creation of a single test valid for several administrative procedures.

From January 2022, Inflexyon will therefore offer the TEF Intégration, Résidence, Nationalité for candidates who want a certification for:

- applying for a residence permit (required level A2)
- naturalization procedures (required level B1)
- validation of the A1 level in the context of OFII training related to the Republican Integration Contract.

The TEF IRN, in order to be as precise as possible, will evaluate the candidate on a scale of A1 to B1 of the CEFR and consequently the certificates will not mention results going beyond the B1 level reached.

The test is composed of 4 items:

- reading comprehension (EC): 13 MCQ questions, 30 minutes, on computer.
- listening comprehension (CO): 17 MCQ questions, 10 minutes, on computer.
- written expression (EE): 2 texts to be written, of 40 and 80 words minimum, 30 minutes, on computer.
- oral expression (OE): 2 sections of 5 minutes each, with an examiner

The TEF IRN result certificate is issued in digital format (dematerialized certificate) and is valid for 2 years.

We would like to inform you that TCF ANF and TEF carte de résident certificates issued before December 24, 2021 will remain valid for 2 years and may continue to be presented by candidates for their naturalization and/or residence card and applications in France.

Convocations are sent out one week before the start date of the session.
